Membership survey

Over the last few years, much has changed in the world of running, swimming and cycling - and much has changed in our club too. And as a club, it is very important that when we make decisions at coaching and committee levels, they are based on what our members actually want.

We are therefore sending out this survey to get a fuller picture of what you, our Windmilers, actually participate in and what you would like to see in terms of our activities, or things you don't have any time or use for!

Without this basic information we cannot make decisions that accurately reflect our membership - so it's really important that you help us provide the best possible club for you, by filling it in. It should only take at the most a few minutes of your time. Thank you!
